Risk Assessment Procedures

The Licensee/Franchisee must ensure that suitable and sufficient control measures are in place to reduce identified risks when they are delivering any component of a course/programme. Any information a Licensee/Franchisee has identified in relation to risk should be shared with/distributed to other members of personnel. All personnel required to conduct risk assessments will be given the appropriate training and/or will be made aware of what is expected of them in advance.

Prior to conducting a course/programme, the Licensee/Franchisee will conduct a risk assessment and record relevant findings in line with Coerver Coaching's health and safety policy to ensure the health and safety of all present. A risk assessment form has been created for these purposes.
